Los Angeles, CA 90095-1702

Dear Potential Applicant,

Thank you for your interest in the UCLA School of Nursing Pre-Licensure Bachelor of Science Transfer Program. The Pre Licensure BS Nursing Program is a three year program for transfer students. This program will focus upon managing both individuals and population-based cohorts within an acute care hospital or medical center. Conceptually, the curriculum has been developed according to the principles of primary, secondary, and tertiary prevention; moving from a systems population-based approach, to a cohort-based or unit-based perspective, and culminating with an intense focus on the individual-level of care. Graduates of the program will be well prepared to deal with the demands of the present day high acuity patient populations and sophisticated technological environments.

Transfer applicants must have completed the IGETC **or** all General Education requirements at the school where currently or previously enrolled and the equivalent of all of the non-nursing pre-major courses listed on the School of Nursing website at <http://nursing.ucla.edu>.

All transfer applicants to the Pre-Licensure Bachelor of Science degree program must complete the UC Application for Admission and Scholarships and the School of Nursing Supplemental Application. The School of Nursing Supplemental Application will allow potential students the opportunity to provide additional information about their preparation for entry into the nursing profession. The On-Line School of Nursing Supplemental Application is available at <http://nursing.ucla.edu>. The deadline for the UC application is **November 30, 2021** and the School of Nursing Supplemental application is **January 15, 2022**.

For more information we encourage you to visit our website at <http://nursing.ucla.edu>. If you have questions on the admission process, you may contact Mark Covin at mcovin@sonnet.ucla.edu, Jeimy Gama at jgama@sonnet.ucla.edu or Nataly Ascencio at nascencio@sonnet.ucla.edu. We will be happy to answer your questions.

Sincerely,

Mark Covin

Mark Covin
Director of Recruitment, Outreach & Admissions
UCLA School of Nursing

BS Transfer Supplemental Application Procedure

Students are admitted for the fall quarter only. The Admission application is available online at apply.sonnet.ucla.edu. Please note that the deadline to submit your application is **January 15th**.

Items that you must submit as part of your online application:

- 1. Statement of Purpose** - Please provide a written statement (2-3 typewritten pages, double spaced) that includes your own assessment of your potential for undergraduate study and for a professional career in nursing, and your reason for selecting the UCLA School of Nursing. You may include information indicating any personal life challenges you have experienced. Multicultural experiences, bilingual abilities and economic, educational or social disadvantages should also be included here. Indicate how your volunteer, work, or other life experiences influenced your decision to pursue a nursing career. **Please upload as a PDF document into the online BS Freshman Application.**
- 2. Work/Volunteer Experience** - In a résumé format listing all employment, volunteer and/or extracurricular activities in chronological order, beginning with the most recent. Please include dates of employment or participation, a brief description of the position or activity, company or agency name and location (city and state). **Please upload your resume as a PDF document into the online application.**
- 3. RECOMMENDATION FORMS – DEADLINE JANUARY 25, 2022**
List TWO people from whom you are requesting a recommendation. Appropriate sources include one teacher or counselor or one professional who has/had a supervisory, educational or mentoring relationship to you. Recommendations will be accepted from listed recommenders only. **You do not need to send your recommenders the form. They will automatically be emailed a link to complete after you submit the online application.**
- 4. General Education/Pre-major Requirements** – Applicants must list all college coursework completed, in progress, or proposed for the 2021-2022 academic year on the GE and Prerequisite Requirements template.

Questions?

Processing of Applications:

Mark Covin – Director of Recruitment, Outreach & Admissions: mcovin@sonnet.ucla.edu

Jeimy Gama – Student Recruitment and Admissions Coordinator: jgama@sonnet.ucla.edu

Nataly Ascencio – Student Recruitment and Admissions Coordinator: nascencio@sonnet.ucla.edu.

We applaud your interest to begin your journey into one of the most rewarding professions in the world!

All applications are reviewed through the same process. Your application is how the Admissions Committee and faculty see all that you have to offer. Since there are no personal interviews, your application is critical to introducing the Admissions Committee to who you are as a person and the strengths you would bring to the UCLA School of Nursing. Remember, UCLA School of Nursing usually receives over 5,000+ BS applications each year for 50 open slots, and 600+ MECN applications for 70 open slots. Admission is extremely competitive.

So, YOU hold the key to the strength of your application. Here are the components of the UCLA Pre-licensure application and some tips we want to give you. While no one area will assure your admission, we hope that the following tips help you present yourself to the admissions committee in the best possible way.

- **Grade Point Average**
- **Statement of Purpose/Personal Statement**
- **Resume**
- **Letters of Recommendation**

Please note that our process takes a more “holistic” approach – we look at the “big picture” and no one item is the only thing considered.

Disclaimer

The pool of applicants is extremely competitive. While we do our best to provide information, our guidance is simply advice and will not guarantee admission.

Grade Point Average (GPA)

You will provide an official transcript as part of your School of Nursing Supplemental Application (BS Transfer Applicants & MECN Applicants ONLY). Some points are assigned to your GPA. But GPA is NOT the whole picture.

- DO NOT duplicate information about your GPA in your “statement of purpose” – reviewers can see your transcript.
- If your grades have been less than stellar, but you improved them in later courses, address what you did to improve in your “statement of purpose”
- GPA is NOT the only thing reviewers weigh – so just because you do not have a 4.0 does not mean you won’t be considered, just as a 4.0 GPA (or higher) does not guarantee admission.

Statement of Purpose

The “Statement of Purpose” is your opportunity to shine and should be PERSONAL to YOU. It is your opportunity to share with reviewer’s important information that might not be in your GPA, Resume or Letters of Recommendation. Remember, this is the ONLY opportunity to share why YOU deserve to be one of the few students admitted. You have to set your application apart from all the hundreds of others.

Please read the instructions carefully and address all items: if you are “silent” or do not write about yourself, you give the reviewer no opportunity to consider other factors. Here are a few things that reviewers look for:

- ✓ Why you want to be a nurse – write from your heart
- ✓ Your self-assessment for success (at the University and in Nursing)
- ✓ Your goals for a nursing career (we want to know if you have a goal – and we know this can often change)
- ✓ Multicultural experiences, diversity (should include examples)
- ✓ Bilingual ability (describe your level and how you achieved this)
- ✓ Examples of responding to challenges or adversity (e.g. being the first generation in your family to attend college, overcoming specific hardships, etc.)
- ✓ Accomplishments – make sure they are also in your resume
- ✓ Leadership activities and qualities

Common mistakes to avoid:

- Clichés.
- Giving lists of qualities you possess, trying to convince the reviewer you know what is associated with being an advanced practice nurse.
- Saying how smart you are.
- Making it too general (as if it could be written by anyone. Make it specific ABOUT YOU and why YOU want to be a nurse)
- Going over the page limit or disregarding instructions (e.g., single spaced, small font, etc.)
- Forgetting to review your Statement for errors in spelling, grammar, etc. (Pay attention to spellcheck and grammar check). While it is NOT allowed to have someone else write your Statement (that is considered “academic dishonesty” at the University level), have someone read it – they may see things you do not.
- Being superficial
- Devoting too much space saying how great UCLA is and how much you have always wanted to attend.

Each of the programs (BS and MECN) may have slightly different expectations. BS applicants are usually coming straight out of High School so their applicant pool includes others like them. However, applicants to the MECN program must have an undergraduate degree because they are seeking admission to a GRADUATE program

There are many resources on the internet to help guide you to put yourself in the best light. Here is a link you can review as you fashion YOUR distinctive “statement of purpose”. While written by a liberal arts professor (Vince Gotera, University of Northern Iowa), the advice is still excellent – aimed at graduate school statements, but good advice overall:

<http://www.uni.edu/~gotera/gradapp/stmtpurpose.htm>

Resume

This is vital and reviewers look to your resume for your accomplishments and experiences, so make sure it is complete and reflects your leadership, employment, community service, volunteer and other creative experiences.

Be sure to list all the activities you have participated in and roles you had for events or activities. Be sure to note leadership positions and provide specific details of when, where and how long you had a leadership role. For BS applicants, include music, arts, and athletics. For MECN applicants, college activities can be included as well, but primarily you will include post degree work done prior to writing this application.

If you have listed volunteer activities, quantify how many hours you devoted to them per day or per week or per month, and note over what period of time (e.g., for 1 month, for 2 years, etc).

Letters of Recommendation

Letters of Recommendation are a crucial part of your application.

Please follow the directions carefully regarding WHO should be writing a letters. That is, employers, supervisors and instructors/teachers/academic counselors are the right persons to provide Letters of Recommendation for you. The strongest Letters of Recommendation are from those who have known you over time, have seen your growth and accomplishments, and/or have been your employer/supervisor (Letters are NOT to be written by family members or friends).

Tips:

- ✓ It may be helpful to share your Statement of Purpose with people who are writing Letters of Recommendation as well as talk with them about your goals.
- ✓ Make sure the person can be honest about their evaluation of you.
- ✓ DO NOT ask family members, "family friends" or co-workers; while they may be positive, the instructions require "employers, supervisors and instructors/teachers/academic counselors"
- ✓ If you claim you have health related experience, reviewers will look for ONE letter from a person who supervised you during this activity.
- ✓ At least ONE letter is required from someone in an instructor/faculty/academic counselor category. This applies to BS and MECN applicants.

One last note...

While we wish we could admit every qualified candidate, as you are probably aware, admissions to nursing programs are HIGHLY COMPETITIVE. Each applicant pool is different and everything starts fresh each year.

For BS Applicants: While your heart may be set to get a BS from UCLA, if you are NOT admitted, you can earn a nursing degree elsewhere and apply to UCLA for a graduate degree. Or, you can earn an undergraduate degree in another field and apply to our MECN program.

For MECN Applicants: If you are not admitted or are placed on the wait list for the MECN program, or you decide to apply again, please update and pay close attention to your resubmission application.

Work to enhance your chances of admission by: gaining experiences, refining your statement, and making your application stronger.

ANY CHANGES IN YOUR APPLICATION OR ACCOMPANYING DOCUMENTATION, MUST BE SUBMITTED BY JANUARY 15TH.

Wishing you success!

Bachelor of Science in Nursing Program

FALL 2020 ENTRY - Class of 2023 (incoming transfers)
Generic Baccalaureate *Transfer* Course Schedule
Please note that this is a tentative sequence and is subject to change.

Year 1 (2020-2021)
